

WHIRLAWAY

Whirlpool Plumbing System Cleaner and Deodorizer

DESCRIPTION

WhirlAway is a white, free-flowing, granular cleaning agent that provides powerful cleaning, bleaching, stain removing and deodorizing properties for whirlpool circulation systems.

It is environmentally safe, 100% biodegradable, meets the Toxic Substance Control Act and FDA classification GRAS (Generally Recognized as Safe) Does not contain any chlorine compounds, bleach or phosphates.

USES & APPLICATION

WhirlAway solubilizes and/or emulsifies contaminants such as soap scum, bath oils, body oils, mold, mildew, mineral deposits and dirt accumulations that produce infectious bacteria and sulfides that produce objectionable odors. An added benefit: when the odor is eliminated, the sulfides are prevented from forming corrosive sulfuric acid, thereby reducing corrosion in the line. Use 8 ounces each time to clean and deodorize system, following the directions on the container.

WhirlAway can be safely used in all plumbing systems and will not harm or mar acrylic, fiberglass, ABS plastic or any other surfaces. Do not mix or use WhirlAway with any other cleaning products or chemicals.

DIRECTIONS

Fill bath with hot water 1"-2" above the highest jets. Turn on the circulation pump and slowly pour 8 ounces of WhirlAway near the suction intake. Circulate solution for approximately five minutes. Turn off the pump and completely drain the tub. Refill the tub with cold water and circulate for 2-3 minutes. Drain tub again. System is now clean, deodorized and ready for use.

PROPERTIES

Appearance White, granular
Odor Odor free

PACKAGED

WhirlAway is available in 8 ounce jars, 2lb. and 10lb containers and 40lb pails.

STORAGE AND SHELF LIFE

Store in a cool, dry place. Keep away from heat sources. Keep away from organics, acids and metallic contamination. Shelf life is indefinite in closed, moisture free containers. Refer to MSDS for additional information.

- DEODORIZES
- NON-TOXIC
- ENVIRONMENTALLY SAFE
- CONTROLS CORROSION
- REMOVES SOAP SCUM, MOLD, MILDEW, BATH AND BODY OILS, ETC

SAFETY AND HANDLING

Use only with adequate ventilation. Do not breathe spray mist. Ensure fresh air entry during application and drying. Avoid contact with eyes. Wear impervious gloves to protect skin. Close container after each use. Wash hands thoroughly with soap and water after handling. Never mix or use with other household cleaners or chemicals.

FIRST AID: In case of eye contact, flush with water for 15 minutes. Get prompt medical attention. In case of contact with skin, wash thoroughly with soap and water until all traces of residue are gone. If irritation persists, seek medical attention. If you experience difficulty breathing, leave the area to obtain fresh air. If continued difficulty is experienced, get medical attention immediately.
