

The Family Hope Center Presents its 3-Day Seminar:

HOW TO HELP YOUR CHILD WITH SPECIAL NEEDS

Tuesday, November 2 through Thursday, November 4, 2010
Philadelphia, PA

A breakthrough seminar for parents of children who have been diagnosed with:

- ✓ Autism
- ✓ Attention Deficit Disorder (ADD)
- ✓ Attention Deficit Hyperactivity Disorder (ADHD)
- ✓ Autism Spectrum Disorder
- ✓ Pervasive Developmental Delay (PDD)
- ✓ Epilepsy
- ✓ Obsessive Compulsive Disorder (OCD)
- ✓ Learning Disabilities
- ✓ Mental Retardation
- ✓ Behavior Disorders
- ✓ Cerebral Palsy
- ✓ Down Syndrome
- ✓ Traumatic Brain Injury
- ... and more

Parents say . . .

"I feel like I now know the root of the problem for my son. It has empowered me and given me hope so that my hopes and dreams for my son can be fulfilled."

"The information was invaluable! It helped clarify everything I had questions on. It makes perfect sense and helps me see how much my child needs this in his life!"

"I finally have a starting point in what I thought was a hopeless situation. God bless your program!"

"The best thing about the seminar: that my husband finally 'got it!'. This morning he said, 'I finally get it! You have been absolutely right. This is going to be good for our kids.' Thank you!! for making it clear and understandable."

The Family Hope Center is an International Center for the development of children with special needs and developmental delays.

Our purpose is to help you and your family significantly improve your child's capabilities and quality of life. Our innovative breakthrough plans are designed to help both parents and their children.

Our Family Hope Center Team will help you construct and carry out an individualized, concrete, and comprehensive plan for your child. You will become part of a community network where you'll be supported by other families and professionals on our Team.

As the parent of a child who is delayed, you know the pain and frustration of losing hope for your child. If you are not satisfied with the progress your child is making, and don't know what to do or where to turn, "*How to Help Your Child with Special Needs*" can give you the answers you are looking for.

Your Child **CAN** Be Helped

Our Team has taught and helped over 15,000 parents understand the process necessary to take their children from paralysis to physical excellence, from blindness to seeing, from social challenges to social excellence, from unable to read or reading with difficulty, to reading at age level and above. Our success and effectiveness has been documented with actual results by an independent university-affiliated organization.

The Family Hope Center has been the bridge from frustration to hope for many parents, regardless of the extent of their child's delays.

There's No Time To Lose

Every day that you are connected to the information and guidance of The Family Hope Center brings your family closer to the full life you deserve! You can start to make a substantial and lasting difference in your child's functioning and quality of life by attending this seminar.

At this interactive 3-day seminar you will learn what you really need to know to begin to help your child.

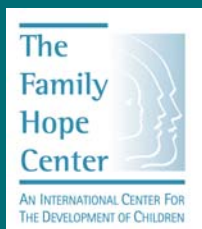

We strongly recommend that both parents attend, so you can gather this vital information together, and share the new beginning this event will bring to your whole family.

Also available to seminar attendees:

Ask about the Special Half-Day Practical Workshop Friday, November 5

Featuring hands-on demonstrations for you and your child to learn the basics of your Family Hope Program.

Two 4-hour Sessions offered
9 AM–1 PM or 2 PM–6 PM
