Re: Foundation Title

Dear Sir/Madam:

I am a local attorney who has been engaged in the practice of law since 1993. A portion of my law practice is in the area of real estate transactions. As such, I am often retained to represent buyers and sellers of real property in Monmouth County.

In the course of my representation of buyers of real property, I have often utilized the title services of Foundation Title. While I have the ability to utilize many other title companies in this highly competitive industry, I have consistently selected Foundation Title. Foundation Title's commitment to customer service sets them apart from many of their competitors in this industry. While many title companies say "we are dedicated to customer service", etc., etc., Foundation Title quietly and efficiently *demonstrates* their commitment to customer on each and every transaction that crosses through their office. From Foundation's amiable and knowledgeable processors, ---to their Title representatives who consistently lend a helping hand with regard to any issue, irrespective of magnitude, ---to their Title Executives----- Foundation Title has consistently supplied this office with exemplary title services.

Should you require any additional information, please do not hesitate to contact the undersigned.

Very truly yours,

Louis S. Scalzo
