Pennsylvania's Way to Work Initiative

You Can Help Provide a Way to Work for Thousands of Pennsylvanians!

Pennsylvania Way to Work is an innovative program designed to stimulate job growth and the economy. Through this program, employers can hire employees and have 100 percent of their gross wages covered up to \$13 an hour!

By participating in Pennsylvania Way to Work, the employees you hire will receive career guidance, skill assessments, case management supportive services, basic skills and literacy training, as well as occupational training throughout the duration, and possibly beyond, the period of subsidized employment. This will enhance their value and ability to become full-time, permanent employees, also a benefit for employers.

If you are an employer interested in participating in Pennsylvania Way to Work, please complete the Employment Interest Notification form which can be accessed by visiting the link provided below. Please use a separate form for each different type of position you want to list, but you may use one form if you have multiple openings for the same position with your business.

Once your form is received, you will be contacted by a Department of Labor & Industry workforce representative to discuss your interest in the program.

For telephone assistance, please call 1-866-858-2753.
