## Dipping Tips

Philadelphia Style Water Ice is usually not kept in the same freezer with Ice Cream. The higher the temperature, the softer the Water Ice, the better the taste. Water Ice will stay 2-21 days depending on the dipping temperature. (Water Ice has a shelf life of 6 months, if stored below 0 degrees.)

5-8 degrees =	21 days	16-20 degrees =	7 days
8-12 degrees =	14 days	20-24 degrees =	3 days
12-16 degrees =	10 days	24-28 degrees =	1 days

**Keep product out of direct sunlight. Do not refreeze.**
